They called us after they arrived. Red peppers, for example, have a lot of vitamin C. Is this warm, flat, crowded world just a "living room"? People hope that by the year 2100, many of our current problems will have been solved. This structure added to the so-called dependent clause because it cannot stand alone as a sentence. (About) arriving, they called us. "Edutainment" was assumed to be the preferred system of apprenticeship. Problems that landed the Concorde (SST) will have been solved by engineers and the passenger aircraft will travel at a speed of Mach 0.1. Robots will continue to replace people in manufacturing. However, personal services will be in high demand. However, by 2100, companies had replaced telephone cameras with human operators. Local items such as food, clothing and furniture with a "handmade" touch will again be preferred in more polished, less expensive items produced by robots. Traditional grammar, as long as, when, before, after, and as long as they are conjunctions that join an adverb clause to an independent clause. The adverbial clause of the term is used because the clause adds time-related information about the verb and answers the question when? He played video games while/when he was visiting. They moved south despite / because of the weather. An absolutely holding and suspended romance that you will have you turning the pages into the evening. By the time he graduated, he would have learned a lot. I'll use a timer for 30 seconds and choose one student from each group. Will life in the future be better, worse or the same as it is now? Clean water will be one of the most valuable resources. The demand for water has increased tenfold. True, there may be a serious shortage. Frog Life Cycle Life Cycle of a Frog Life Cycles Frog Life Use this free wheel to help show how the cycle doesn't stop. They called us as soon as they arrived. She put on a sweater because she was cold. What experts cannot predict is whether we will be kinder and more careful people. Have we understood that violence and war only cause pain and despair? Sitting near an open window, he became cold. Will we be able to share Earth's resources? Have we stopped looking at our differences and started seeing our common goals? Azar & Hagen call these structures adverbial clauses or "time clauses" without mentioning a term for the connector. It is not clear whether, while, when, before, after and since they are adverbs or conjunctions. "A temporal clause begins with words as when, before, after, thus, until, and while and includes a subject and a verb. The time clause can come either at the beginning of the sentence or in the second part of the sentence...
